American Wins Honors In 130 Yard Championship

Charles Holway, the American professional champion, who recently defeated Jack Donaldson, the British title holder in a match race for the 130 yard championship, the winner appearing on the left with the American shield on his shirt. The time was 15 1/2 seconds. Holway beat his British adversary by only a few inches as the picture shows. The race was for a side wager of \$2000. Donaldson comes from South Africa and up to his contest with Holway had demonstrated his superiority everywhere.

farmer who says: 'I am down on lawyers and bankers; I am against the business man.'

'I will go with him when he says: 'I am against a bay type of lawyer or bad type of banker.'

'In other words, I will go with him when he pronounces judgment on a man not in accordance with his occupation but in accordance with his conduct. This is good American doctrine.

'Sometimes we hear a man say he is the poor man's friend. I am the poor man's friend if the poor man is straight; I am the rich man's friend, if the rich man is straight; but I am against the crooked man, rich or poor.'

TAF T FAVORS A TARIFF REVISION

President Thinks The Duties Should Be Cut Down Still Further.

Beverly, Mass., Aug. 24.—According to president Taft's keynote speech for the congressional campaign, the president will favor further revision of the tariff.

While he is still convinced that the Payne-Aldrich law is the best tariff law the country has had up to this time, he has at last reached the conclusion that there is decided room for improvement.

Mr. Taft does not propose that business shall be upset by another wholesale revision but will recommend to congress that individual schedules in the tariff system be taken up separately and be disposed of on a scientific basis.

The new revision is to be based upon the finding of the tariff commission as to the cost of production at home and abroad. Only a fair profit is to be allowed the American producers. 'Exorbitant and unreasonable' profits, the president declares, are to be tolerated no longer.

The president has outlined his position in the letter he has sent to representative McKinley, of Illinois, for publication in the Republican congressional campaign text book.

WRITER ATTEMPTS TO TRAP LORIMER INTO BRIBERY

Chicago, Ill., Aug. 24.—'I wanted to get something on senator Lorimer. It was not an effort to blackmail him that I offered my manuscript for sale to him. I simply wanted to get a letter from him about it.'

This testimony was given by representative White in the second trial of Lee O'Neill Browne, who is charged with bribing White to vote for Lorimer for senator. White wrote the senator that he had prepared a \$20,000 worth expose of graft in the Illinois legislature, and that he was to be paid \$2 a word for it by a magazine.

Replying to further questions on the examination, White said he had written Browne asking for a loan, not that he needed the money, but he said he hoped 'to get something on Browne.'

The defense pounced upon this testimony, declaring that while he had sworn in the first trial that he was without funds when he wrote to Browne, witness's avowal that he had hoped to trap senator Lorimer into making admissions was declared by Browne's counsel to show that the 'plot' was less against Browne than against Lorimer.

CLOSE CALL OF DELEGATES FROM COCHISE COUNTY

Douglas, Ariz., Aug. 24.—Both Democrats and Republicans almost lost 10 delegates for Cochise county for the constitutional convention by forgetting to file papers of nomination till the last minute.

Chairman Ross, Democrat, hurried to Tombstone last evening filing for his and the Republican party, otherwise the Labor party would have had the only ticket in the field unless Tombstone men had filed the papers for the 10 Cochise men from Tombstone on a late petition before midnight.

A MYSTERIOUS TENT.

A tent, broad new and unoccupied, set up on the vacant lot opposite the E. F. Neff company, has had the neighboring neighborhood guessing this week. Just what the little tent and its future occupants are for is a guess with the Santa Fe street folks. It is reported that Lew Gasser is to establish a downtown office for his aeroplane in the tent.

SENATOR CALL, OF FLORIDA, IS DEAD

Passes Away in Washington After a Cerebral Hemorrhage.

Washington, D. C., Aug. 24.—Cerebral hemorrhage was the immediate cause of the death at the emergency hospital here today of former United States senator Wilkinson Call, of Florida.

The senator served in the upper house of congress for 15 years. He was born in Kentucky.

Senator Call was stricken at his Washington home Saturday, became unconscious and was conveyed to the hospital, where he remained in a comatose state until death came today.

Senator Call is survived by a daughter, Miss Lucy, a grand opera singer.

Miss Call was in San Francisco as a student singer, with the Grau Metropolitan opera company when the earthquake occurred and was among the refugees who passed through El Paso on the return to New York from San Francisco.

CHICKEN FANCIERS ENTER A PROTEST

Object to Ordinance Regulating Keeping of Fowls in City.

More than 30 chickens or fowls, is the latest slogan of the Poultry association. The ordinance which was recently drafted limiting the number of chickens which may be kept within the city limits to 30, has played havoc with the plans of the poultry breeders who have their pens and coops in the back yard of their homes.

A special hurly call meeting of the association was held Tuesday night, at which the objectionable ordinance was discussed at length with all of the arguments advanced against the passage of the restricting ordinance. The destruction of infant industry, the increased cost of living and the high tariff were dragged into the discussion by P. A. Rowe, Rev. Kenneth Brown, Jack Morrison and the other chicken enthusiasts.

The poultry folks claim that the ordinance, while not intended for the chicken fanciers, but for the poultry dealers, will strike a death blow at their pet hobby, as it restricts the number of chickens that can be raised within the city limits.

This is not as it should be, the association members say, and the outcome of the meeting was that a committee of five was appointed to meet with the

Hindustan Princess Much Interested In Sports

The princess Pretiva of Hindustan, who is a living denial of the Kipling saying that the East Indian and the Western are of an impossible blend so far as customs and physical and mental routine go. The princess dresses in native garb and then again in English costume, according to mood. She is a darling tobacconist, regardless of tradition. She divides her time between India and the west. She excels alike in domestic accomplishments and outdoor sports. Her collection of pearls is the most noted in the world, but she frequently asks in a tired way—"what is the use of wearing them?"
